Motorcycle Crash Level Reports

These reports relate to factors and conditions which affect all vehicles and occupants involved in crashes, rather than only individual level factors (such as age and sex), or vehicle specific factors (such as type of vehicle). These reports are for passenger vehicles only.

The conditions for which separate reports are generated are:

- County of crash
- Month of crash
- Day of Week of Crash
- Hour of Crash
- Manner of Collision
- Crash Configuration
- Object Struck (for all crashes)
- Urban vs Rural County by Highway Class
- Posted Speed Limit
- Road Condition

The elements contained on each report include:

1. Number of crashes
2. Percent of all crashes
3. Number of Vehicles
4. Number of Occupants
5. Number of Occupants Injured (KABC Scale = A or B)
6. Number of Occupants Transported (reported transport)
7. Number of Occupants Hospitalized
8. Total Number of Hospital Days
9. Total Hospital Charges
10. Number of Fatalities

The reports are currently available for 1994-1998.

For more information, or for a copy of the reports, please contact Wayne Bigelow at (608) 263-4846, or via Email at wayne@chsra.wisc.edu, or contact Martha Florey (WisDOT/BOTS) at (608) 266-3557.

Motorcycle Injury Outcome Reports

These reports relate to health and injury outcomes associated with vehicular crashes in Wisconsin. The reports are “occupant” based. They are for passenger vehicles only.

The conditions for which separate reports are generated are:

- Helmet Use and Alcohol Being Involved in Crash
- County of crash
- Sex and Age of Occupant
- Manner of Collision
- Crash Configuration
- Type of Object Struck (for all crashes)
- Urban vs Rural County by Highway Class
- Posted Speed Limit

The elements contained on each report include:

1. Number of Occupants
2. Number Injured (KABC Scale = A or B)
3. Percent (of group) Injured
4. Number Transported by EMS (reported transport)
5. Percent (of group) Transported by EMS
6. Number Hospitalized
7. Percent (of group) Hospitalized
8. Number Hospitalized with a Brain Injury
9. Number Hospitalized with a Serious Lower Extremity Injury
10. Number Hospitalized with a Flail Chest Injury
11. Number of Fatalities
12. Percent (of group) Fatalities

The reports are currently available for 1994-1998.

For more information, or for a copy of the reports, please contact Wayne Bigelow at (608) 263-4846, or via Email at wayne@chsra.wisc.edu, or contact Martha Florey (WisDOT/BOTS) at (608) 266-3557.
